1. ↑ [1.0] [1.1] It is implied that Viki is the widow of Valgridovt (after he dies in the Skellige ship crashing), by the Prima strategy guide referring to Widows' Grotto as "aptly-named", as well as all three people collectively being referred to as a family in the journal found at the shipwreck. However, their exact relation is never confirmed and the boy could be a brother, cousin, nephew, etc. to Valgridovt.
